TRS

Language Instruction

1. TRS is attempting to obtain a list of security approved schools which can be used for reference whenever TRS is called upon to recommend language instruction to OSO employees.

2. One of the greatest needs is for a security approved language school in Russian.

3. The Graduate School of the Department of Agriculture is beginning a series of Russian language courses as follows:

- (a) Elementary Russian
Section I: Instructor Schuler
Section II: Instructor Tarakus
- (b) Intermediate Russian
Instructor Saharov
- (c) Conversational Russian
Instructor Saharov

4. Would it be possible for Security to make an investigation of the instructors of Russian in the Graduate School of the Department of Agriculture? Unfortunately no information other than the last name is given in the leaflet which was made available to TRS.

5. Registration for these courses begins on the 8th of September. The courses themselves begin on the 22d of September. The registration room is listed as 1031 South Building, Department of Agriculture.

6. When employees are interested in enrolling for language instruction in regular college course, should security clearance be obtained for instructors giving those courses even though they are teaching in recognized universities?

W. J. M.
